

CONTEC Front Light "HL-3000"

HL-3000 N, with switch for hub dynamo

RRP: €19.95

A well-equipped city or touring bike includes good bicycle lighting, which ensures visibility in road traffic and good road illumination on dark, unlit routes.The CONTEC LED spotlight HL-3000 N for dynamo hubs meets even the highest requirements: The bright LED with its highly efficient lens achieves a luminous intensity of 45 lux, which creates optimum lighting conditions at all times. The black plastic housing in an attractive sporty-discreet design is waterproof and durable and is attached to the front light braze-on of the fork with the break-proof mount made of robust and stainless Nirosta steel.The removable front reflector on the light housing is StVZO-compliant (German Road Licensing Regulation) and fits discreetly into the overall look. It makes another front reflector superfluous. If necessary, the light can be turned on or off with the switch on the back.The CONTEC LED front light "HL-3000" is the perfect choice for well-equipped city or touring bikes due to its excellent lighting properties and high-quality workmanship.

Basic Data

Supplier Article Number:	51251531-6
MSRP:	€19.95
SB-Article	Yes
Fedas-Code	160671
DST-Code	2E02
Bidex-Code	207030
