

CONTEC Front Light "DLUX 30 N++"

self-service package

RRP: €16.95

Good visibility in dark hoursThe LED headlight DLUX 30 N++ from CONTEC makes one visible in road traffic with its solid luminosity of 30 lux. But the headlight with hub dynamo switch is much more convincing when driving at dusk or through a tunnel. Thanks to the integrated light-dark sensor, the light adjusts and switches on automatically. When waiting at a red light, the parking light function provides additional visibility. The headlight continues to shine for a while after stopping. This makes it easier for drivers to see you. To ensure that you are not only seen from the front or rear, recesses have been cut into the sides of the housing. This allows the light to spread more widely. The headlight can be precisely adjusted via two axes. The universal bracket allows easy mounting. The lightweight plastic housing offers good weather resistance. The lighting has a German mark of conformity. With the removable front reflector it puts in terms of visibility again a top and meets the requirements of the Road Traffic Licensing Regulations (StVZO).

Basic Data

Supplier Article Number:	61010006
EAN	4251507943680
MSRP:	€16.95
SB-Article	Yes
Fedas-Code	160671
DST-Code	2E02
WEEE registration number	DE92509320
Bidex-Code	207030
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.076 kg

Technical Data

Attachment	universal
Design	front light
Features	reflector
Functions	Einschaltautomatik durch Hell-Dunkel-Sensor , standlight
Illuminant	LED
Intensity	75 lumen
Luminosity	30 lux
Main colour	black
Power supply	dynamo operated
Range of application	bike
StVZO conform	yes
Variant	Article
