

CONTEC Front Light "DLUX 50 N++"

Universal holder, SB-packed

RRP: €29.95

Safely on the way homeAfter sports, a little talk with friends, but it's already getting dark? No problem: The LED headlamp DLUX 50 N++ from CONTEC leads you safely home. 50 lux (112 lumens) are enough to find the way from the gym to your own four walls. Especially when riding at dusk or through a tunnel, the headlight with hub dynamo switch convinces all along the line. The integrated light-dark sensor ensures that the light turns on automatically. Should you have to wait at a red light, the parking light function provides additional visibility. The headlight continues to shine for a while after you have stopped. This makes it easier for drivers to see you.
