

CONTEC Grip "Trail"

black

RRP: €20.95

Subtle Look & Good CushioningPrecise maneuvering and maximum control on bumpy trails require a secure grip on the Handlebars and effective vibration damping. The CONTEC "Trail" grips impress professionals with their well-thought-out ergonomic features. The special D2 two-component design, featuring two rubber compounds, combined with a high-grip tread pattern, ensures optimal grip and excellent shock-absorbing properties. A soft gel compound in the palm area guarantees maximum comfort and shock absorption on uneven terrain, while a hard gel compound in the outer grip area ensures a secure hold on the Handlebar. The handlebar grip is compatible with CONTEC's "G-Cap" Grip End Caps and "G-Ring" Grip Clamp Rings, making installation particularly easy. It allows you to add custom color accents that match the bike's look. The CONTEC "Trail" grip is 125 mm wide and available in pairs in black and white, as well as individually as a Conway Edition special item. Perfect for maximum off-road riding fun.

Basic Data

Supplier Article Number:	VLG-775AD2
EAN	4250311301181
MSRP:	€20.95
