

CONTEC Grip "Trail"

black

RRP €20.95

Precise manoeuvring and maximum control on bumpy routes require good grip on the handlebars and effective vibration damping. The CONTEC "Trail" grips convince professionals with well thought out ergonomic features. The special D2 two-component design with 2 rubber mixtures together with a grippy profile ensure optimal hold and good damping properties. A soft gel mixture in the palm area guarantees maximum comfort and shock absorption on uneven terrain, while a hard gel mixture in the outer grip area facilitate a good hold on the handlebar. The handlebar grip is compatible with the grip bar end plugs "G-Cap" and the grip clamp rings "G-Ring" by CONTEC, which make it particularly easy to install. It sets individual colour accents that match the look of the bike. The CONTEC "Trail" grip is 125 mm wide and available in pairs in black and white as well as as in a Conway edition separately as a special item. Perfect for maximum off-road riding pleasure.
