

CONTEC Grip "Tour Pro"

135 mm

RRP: €15.95

Perfect ergonomics on the handlebarThe correct handlebar grips not only provide an excellent sitting position, but also contribute significantly to relaxed riding and a healthy posture on the bicycle. The CONTEC grip "Tour Pro" with its special, wing-shaped design successfully prevents the wrists from buckling and protects the user from hand and wrist fatigue even on longer rides.The special D2 two-component design with 2 rubber compounds ensures optimal grip and good damping: The soft gel mixture in the palm area guarantees maximum comfort and shock absorption, while the hard gel mixture in the outer grip area provides a good hold on the handlebar.The grip is available in pairs in black/grey and in different widths. It is suitable for handlebars on which a twist shifter for internally geared hubs is mounted on one side.The CONTEC grip "Tour +" is easy to mount on every handlebar. The ideal grip for a big tour.
