

CONTEC Grip "Tour Deluxe"

135mm long

RRP: €19.95

Comfortable and highly functional on any routeWhether in city traffic, on the trail, or on longer bike tours, professional bike grips are essential—they're the only way to guarantee maximum riding enjoyment. CONTEC's "Tour Deluxe" grips are ergonomically shaped to fit the Fahrer's hands perfectly. A special feature of these bike grips is the D3 three-component system: The front section of the grips is medium-soft to provide a firm and secure grip for your fingers in all conditions. The rear section, on the other hand, is soft to absorb all vibrations. The inner, hard section ensures a secure connection between the handlebar and the grips. This means the bike is equipped to the highest standard for every ride, benefiting beginners and professionals alike.Even on longer rides, the CONTEC grips reliably prevent hand fatigue. This is thanks to their wing-shaped design, which prevents the wrists from bending. This significantly increases safety on every ride. These high-quality bike grips come with handlebar clamps. They are available as a pair in the classic color combination of black and gray. With the "Tour Deluxe," every bike is enhanced with a durable, high-quality product in a comfortable and professional way.
