

CONTEC Grip "Ergo Neo +"

132mm long, black / neogreen

RRP: €15.95

Maximum comfort on every trailComfort on the bicycle plays a decisive role, especially on longer distances. An important accessory for recreational riders, athletes and professionals in this context is the CONTEC grip "Ergo Neo +", which is characterised by the highly functional D2 two-component system.In the palm area there is a soft gel mixture, which ensures optimal shock absorption. The outer area, on the other hand, is designed especially hard to ensure a good hold on the handlebar at all times. The ergonomically designed grips are a versatile addition to any bicycle.The wing-shaped design of the CONTEC bicycle grip is particularly beneficial for riders over longer distances. It prevents the wrists from buckling automatically, as is often the case on long rides and challenging routes. This keeps your hands fit for longer.The grip has a Tail-Lock handlebar clamp with an inner cone clamp. This quality product is offered in the CONTEC Neo colours as well as in grey. The length of each grip is 132 mm (92/135 mm).In this way, the functional "Ergo Neo +" grip by CONTEC fits most common bicycles and contributes to increased riding comfort. The comfort of this grip makes every ride safer.

Basic Data

Supplier Article Number:	VLG-1605D2 NGRN
EAN	4250311355894
MSRP:	€15.95
DST-Code	2B04
Fedas-Code	160215
