

CONTEC Pedal "Rapid2"

black

RRP €64.95

The weight miracle for highest performance! In addition to the technology, reducing the total weight of the components is required for speed in off-road conditions. The CONTEC sport/platform pedal "Rapid2" with its minimalist aluminium body and an extremely low weight of only 230 g is ideal for those who value lightweight components. The "Rapid2" is also impressive in terms of stability and ergonomics: The contact areas are equipped with replaceable pins (R-pins), which can be exchanged as required. In addition, the particularly break-resistant axle made of CrMo steel with sealed cartridge bearings ensures maximum reliability even under the most severe loads. The sealed bearings are particularly smooth running and ensure a smooth drivetrain as well as resistance to the wear-promoting influences of dirt and water. The CONTEC sport/platform pedal "Rapid2" can be mounted on any crank with the typical 9/16" thread. Perfect for lightweight bikes that take it to the max.

Basic Data

Supplier Article Number:	WE- R277
EAN	4250311355962
MSRP:	€64.95
Bidex-Code	202310
SB-Article	Yes
DST-Code	2N02
Fedas-Code	160374
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.23 kg

Technical Data

Bearing type	sealed bearing
Design	freeride/downhill
Frame material	aluminium
Housing material	aluminium
Main colour	black
Thread	9/16
Variant	Article
