

## CONTEC Pedal "White22"

white

**Price: €27.50**

Quality for the highest demands in any terrain Whether mud and water or jumps and drops: Those who work their MTB off-road clearly set their priorities in the direction of uncompromising reliability and safety. What's more, it's important to be as light as possible and to have high grip at all times. With the CONTEC platform pedal "White22" these requirements are implemented in a visually appealing way. Aluminium body and cage are made from one cast in a sporty design and are equipped with replaceable pins made of high-strength CrMo steel and a grippy profile. This ensures a secure foothold at all times. The CNC-milled CrMo axle with the typical 9/16" thread runs smoothly in sealed cartridge bearings. The penetration of dirt and moisture as well as the resulting premature wear is thus effectively and sustainably prevented. The CONTEC platform pedal "White22" is supplied with removable yellow reflectors that contribute to better visibility in low light conditions. The top-quality pedals weigh 420 g together and are ideal for every mountain bike.

### Basic Data

Supplier Article Number:	SC-B601-1 WHT
EAN	4250311341927
MSRP:	€54.95
Bidex-Code	202310
SB-Article	Yes
Fedas-Code	160373
DST-Code	2N02
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.483 kg

### Technical Data

Bearing type	sealed bearing
Design	freeride/downhill
Frame material	aluminium
Housing material	aluminium
Main colour	white
