Highest reliability & durability For optimal riding pleasure with an e-bike, regular inspection and maintenance of the drivetrain components is fundamental. If you do not want to compromise on the quality, reliability and durability of your drivetrain components, you can rely on the Longlife e-bike chains of the "eNHANCED Drive +" series by CONTEC. The "eNHANCED Drive eD.10+" chain for all drivetrains with 10-speed cassettes is especially durable and wear resistant thanks to hardened pins and special, environmentally friendly anti-rust coating - in any weather and under high continuous load. It is therefore, perfectly suitable for all e-bikes with a powerful mid-motor from all common manufacturers (Bosch, Panasonic, Yamaha, etc.) with a derailleur drivetrain and a 10-speed cassette. The chain is available self-service packed with a 1/2" x 11/128" dimension and 136 links. Thanks to the provided master link, the chain can be installed and also removed very easily. The CONTEC chain "eNHANCED Drive eD.10+" is particularly suitable for those who have high demands on the durability and quality of their drivetrain components.
