High reliability off-road and on-road Whether off or on the road, e-bikes are now very popular everywhere and are simply fun with their fast acceleration. For optimum riding pleasure and a long service life of the drivetrain components, it is recommended to check the chain at every inspection and to choose high-quality spare parts that can withstand the high continuous loads. Thanks to hardened pins, the CONTEC chain "eNHANCED Drive eD.11" is ideally suited for use on e-bikes with powerful mid-motors and 11-speed cassettes. The Longlife e-bike chain is self-service packed in the dimensions 1/2" x 11/128" and is available with 136 links. The practical master link included in the scope of delivery makes it particularly easy to assemble and disassemble the chain. "eNHANCED Drive eD.11" is perfect for electric bikes with powerful mid-motors, whether they are used on the road or off the road.
