

CONTEC Front Light "Luna 80 E+"

black

Price: €19.99

Powerful for high safety Those who ride a lot with the e-bike should also place emphasis on high-quality lighting. The "Luna 80 E+" by CONTEC is just right. This LED light reaches an illumination level of 80 lux. Thus, you can see well even in complete darkness and on poorly lit roads. As e-bike lighting, this front light is simply connected to the DC system of the e-bike. It is suitable for all systems with a voltage of 6 to 48 V. The light has a plastic housing. There is a bright CONTEC logo on it. The "Luna 80 E+" is equipped with a removable front reflector, which once again provides for higher visibility. A plastic bracket for fastening to the fork crown is also included. The front light is marked with a German check number. It therefore complies with the requirements of the German Road Licensing Regulation (StVZO). With this LED light nothing stands in the way of safe riding pleasure. Especially if you use your e-bike frequently, for example for riding to work, the "Luna 80 E+" by CONTEC is a valuable companion. With the excellent brightness of this front light, it is easy to draw attention to yourself.

Basic Data

Supplier Article Number:	51254515-6
EAN	4251507919340
MSRP:	€39.95
SB-Article	Yes
Fedas-Code	160671
DST-Code	2E02
WEEE registration number	DE86405961
