

CONTEC Front Light "Luna 120 E+"

black

Price: €29.99

Good visibility with plenty of brightness Plenty of light for your e-bike: If you opt for the "Luna 120 E+" LED Front Light from CONTEC, you can't go wrong in terms of visibility and safety on the road. With an illumination level of 120 lux, this Front Light is right up there with the best. This means you can see the road ahead brightly illuminated in the dark. The lights are designed for connection to the e-bike Battery. It is suitable for systems that are operated with a voltage of 6 to 48 V. The Front Light has an aluminum housing with a bright CONTEC logo. The "Luna 120 E+" also includes a removable front reflector, which improves visibility even further. The light is also supplied with a plastic holder. You definitely don't have to worry about a lack of safety with this LED Front Light. It naturally has a German test mark and therefore meets the requirements of the German Road Traffic Licensing Regulations (StVZO). With this high-quality e-bike light, you have a good view of the traffic even in the dark and can feel completely safe.
