

CONTEC Front Light "HL-3001 XO E+"

black

RRP: €49.95

E-bikes are for many, a car substitute for the daily commute. With them, you can go through the hustle and bustle of the city without dealing with traffic jams. With an e-bike that is used every day, you need more when it comes to bicycle lighting.The CONTEC LED front light "HL-3001 XO E+" provides excellent visibility with an incredible 70 lux of bright LEDs, an effective lens and a removable front reflector: The path is optimally illuminated with white light. The small front light in the metal/plastic composite housing not only looks good, but thanks to the sturdy housing is also able to cope with the rigours of everyday life.The HL-3001 XO E+ is designed for 6 to 48 V operation and is connected to the DC system of an e-bike. Mounting is done on the front light braze-on of the fork with the bracket supplied made of stainless Nirosta steel.The front light is certified with a German check number and is therefore approved for use on public roads in Germany. The CONTEC LED front light "HL-3001 XO E+" is the perfect bicycle light for frequently used e-bikes and meets even the highest demands.
