

CONTEC Front Light "HL-3001 E+"

black

RRP: €29.95

E-bikes are the alternative to cars for many cyclists. This way you can escape traffic jams and keep yourself fit at the same time.The CONTEC LED front light "HL-3001 E+" with its strong 45 lux is ideally suited for all e-bikes in city traffic. The bright LED in combination with the effective lens ensures uniform illumination of routes. In addition, a front reflector is integrated in the robust plastic housing, which ensures improved visibility and thus safety. The front light is also marked with a German check number and is therefore approved for use as a bicycle light in road traffic in Germany.The "HL-3001 E+" in discreet black is designed for operation with 6 to 48 V and is connected to the DC system of an e-bike. With the Nirosta bracket included in the delivery, it is simply mounted on the front light braze-on of the fork. Perfect for effective bicycle lighting.

Basic Data

Supplier Article Number:	51252836-6
MSRP:	€29.95
SB-Article	Yes
Fedas-Code	160671
