

CONTEC Front Light "Aurora 180 E+"

black

Price: €22.50

The intelligent light at a fair price. High luminous intensity and efficiency at a fair price: The "Aurora 180 E+" is one of the strongest front light in its price segment, with a power of 60 lux (180 lumens). CONTEC has developed this front light specifically for e-bike riders. It is connected to the DC system of an e-bike. It is suitable for both 6 V and 12 V systems and thus covers both power levels. The LED front light impresses with its modern design. A special feature of this e-bike lighting are specially integrated elements for cooling the LEDs. These cooling elements maintain full light output even during long rides and prevent the electronics and LEDs from overheating. In addition, 2 side light cut-outs allow for optimal visibility, which makes it even safer to ride your bike in the dark. The front light illuminates the surrounding area very well. The result is a pleasantly long and homogeneous light beam, without dark areas being created. If you want to rely on intelligent solutions and a high level of strength in bicycle lighting, the "Aurora 180 E+" from CONTEC is a very good choice.

Basic Data

Supplier Article Number:	4097-0034
EAN	4251507902373
MSRP:	€44.95
SB-Article	Yes
Fedas-Code	160671
DST-Code	2E02
Bidex-Code	207030
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.057 kg

Technical Data

Attachment	fork crown / bridge attachment
Current type	DC
Design	front light
Features	reflector
Illuminant	LED
Luminosity	60 lux
Main colour	black

Operating voltage 6,0 V , 6,5 V , 12,0 V

Power supply E-bike battery

Range of application bike

StVZO conform yes
