

CONTEC Chain Link "PowerLoc"

Ø 5,5mm, 90cm long, 660g, security level: 7

RRP: €25.95

Hardened, robust and double lockedThe new PowerLocs available in security levels 8 and 7 supplement the CONTEC chain lock series in the high-quality range. The four chain locks score with high security, a good price-performance ratio and are made of hardened steel. Thus, the individual links do not offer weak points for sawing, cutting or impact attacks. The lock has a "Double Bolt Locking System", which increases the pull resistance. The sturdy nylon case protects the frame from scratches. Includes four keys plus one with LED light.Available in the security level 8 with a chain diameter of 7.5 mm, and in the security level 7 with a diameter of 5.5 mm, each in 90 and 120 mm lengths.
