

CONTEC Rearview Mirror "E-View XS"

with Dazz lens (up to 75 % less reflection)

RRP: €22.95

The "E-View XS" rear-view mirror by CONTEC offers both functionality and an attractive design. Thanks to its well thought out joint function, it is individually adjustable and thus offers the best view. The mirror can be mounted either on the left or on the right side of the handlebar.The "E-View XS" has a stainless steel lens with a diameter of 62 mm. Its nylon frame with fibreglass is very robust and also suitable for rides on bumpy terrain.This rear-view mirror can be mounted on a regular bicycle or e-bike handlebars with an inner clamp diameter of 16 mm. It is easy to attach, and the mirror is then ready for use immediately.The "E-View XS" is available either with a Glare lens or with a Dazz lens. While the Glare lens produces up to 50 % less reflection, with the Dazz lens it is up to 75 % less reflection.In classic black and with a soft blue tint, the rear-view mirror "E-View Deluxe" by CONTEC is a useful safety element as well as an attractive eye-catcher on an e-bike or regular bicycle.
