

Seat mesh

(LxWxH) 58 x 34 x 12cm, size L

Price: €12.40

Whether in summer or winter In the sun or in the rain, this net provides protection for your buttocks and legs at all times. Thanks to the coarse-mesh structure, neither the rider nor a passenger (m/f) will burn their buttocks or legs in strong sunlight. Furthermore, the air circulation creates a pleasant cooling effect while riding, preventing wet sweating. In snow and rain, buttocks and legs are kept away from the wet seat and remain dry, as the 100% polyester mesh does not absorb moisture. The net is stretched over the seat and attached with Velcro tensioning straps to prevent slipping. Washable up to 40 degrees, not suitable for tumble drying, paints black.

Basic Data

Supplier Article Number:	00-05504-L
MSRP:	€23.61
