

CONTEC Handlebar "Sendai 60"

grip width: 630mm, rise: 21mm, backsweep 35°

Price: €15.99

CONTEC Sendai 60 handlebar CONTEC Sendai 60 handlebar is made of aluminium and with a width of 630mm. The stem clamp is 31,8mm. The backsweep of 35° allows you to grip the handlebars more ergonomically than one without this bend. The backsweep describes the handlebar bend in the direction of the saddle and should avoid the overstretching of the hands and the upper body. The more backsweep, the more relaxed the seating position. And just as the other way around.

Basic Data
