

QiO Basket "Martje"

black

Price: €33.15

Perfect for everyday use and excursions "Martje" is a close-meshed rear basket perfect for trips to the lake or for everyday use when you're out and about on your QiO bike. With the pre-assembled MIK adapter plate, the steel baskets can be quickly and easily clicked onto your system carrier in the direction of travel. It offers enough space to carry a large picnic blanket or load it up with fresh vegetables from the weekly market. Once you arrive at the market, you can simply detach it from the carrier and then carry it through the city center using the soft-grip handle. Its feet provide optimum stability if you put it down on the ground. With the reflective logo, you are always clearly visible even in cloudy weather when you ride through the city with "Martje".

Basic Data

Supplier Article Number:	11321
EAN	4251507991575
MSRP:	€59.95
Bidex-Code	301460
SB-Article	Yes
