

CONTEC QR Wrench Set "SQR+ L"

black

RRP: €20.95

Theftproof & lightweightThe bike is locked, the seatpost and wheels can still be stolen. To prevent this, CONTEC has developed a special quick release set that saves you from exactly this annoyance, because the quick release axles can only open with the appropriate safety lever.The set consists of a quick release wrench, a front wheel axle (M5 x 115mm), a rear wheel axle (M5 x 151mm) and a seatpost clamp (M6 x 45mm).The axles of this set are made of high quality chrome molybdenum steel and 6061 aluminum. Here you benefit from a high tensile strength and breaking strength as well as a low weight.
