Continental Tires "Grand Prix 5000S TR"

28-622 (700 x 28C), black, 275g

Price: €56.50

Even lighter, even faster, even betterAs a new version of the proven "Grand Prix 5000 TL", CONTINENTAL has established the "Grand Prix 5000S TR" as the new standard in its road bike portfolio. With this lightweight tubeless-ready tire, you are now even faster on the road. The reinforced sidewall complements the racing genes with a good dose of comfort and reliability.Various tire technologies developed by CONTI support your performance in training and racing. The carcass construction is particularly resistant and insensitive to sharp stones or sharp edges. With or without tubes - the "Grand Prix 5000S TR" is ideal for both. If you prefer to ride tubeless, we recommend the CONTI "RevoSealant" for sealing.Active Comfort Technology reduces shocks and vibrations exactly where they occur - between the tires and the road. CONTINENTAL has integrated the technology directly into the three-ply carcass, which significantly improves the ride feel and increases comfort.The well-known BlackChilli compound, which CONTI has further improved for the "Grand Prix 5000S TR", provides plenty of grip and low rolling resistance at the same time. The ratio of stiffness to stability is ideal for fast and winding laps. CONTINENTAL gives this Tubular Tires the necessary cornering grip with a micro-profile structure in the shoulder area. Everything for full control.

Basic Data

Supplier Article Number:	01018670000
EAN	4019238054422
MSRP:	€90.95
SB-Article	Yes
DST-Code	2A02
Fedas-Code	160476
Bidex-Code	204040
Brand/Supplier	Continental
Unit of measure:	PIECE
Weight	0.279 kg

Technical Data

Colour designation	schwarz
Design	foldable tires
ETRTO	28-622
Features	tubeless ready
Main colour	black
Range of application	road
TPI / EPI	2x 220
Variant	Article
Wheel size	28 "
