

CONTEC Grip "MERGE Trekking Ergo Kork"

96 / 140 mm

Price: €14.99

At CONTEC you will find a wide variety of grips made of different materials, in different shapes and for different riding styles. Our MERGE grips adapt to you - not the other way around. They are divided into the categories City, Urban, Trekking and Mountain. The CONTEC MERGE Trekking Ergo cork grip is particularly suitable for more active cyclists who have a slightly forward leaning posture when riding - like on a trekking bike, for example. The "wings" on the grips, i.e. the support surfaces on the balls of the hands, prevent the wrists from bending unnaturally. This prevents fatigue, numbness and pain, even on long rides. The cork material is particularly kind to the skin and breathable. Sweat from your hands is quickly absorbed and shocks from uneven ground are directly cushioned so that your wrist is not subjected to too much strain. The cork on the Grips not only looks stylish, but is also made from renewable raw materials! Another special feature of the MERGE grips is that they are compatible with our G-Link system. The G-Link interface allows you to attach practical accessories such as a bike mirror or bells directly to the grips. The variant with a short Grip in the Set is designed for bikes with a Twist Grip Shifter.

Basic Data

Supplier Article Number:	VLG-2019-2AD3
EAN	4251507990622
MSRP:	€29.95
DST-Code	2B04
Fedas-Code	160215
