

CONTEC Grip "MERGE City Ergo"

96 / 140 mm

RRP: €29.95

MERGE City Ergo Grip by CONTEC When it comes to the question of how to sit on a bike as comfortably and ergonomically as possible, one thing is often overlooked: grips. Yet they play a crucial role. CONTEC uses rubber in the production of the MERGE City Ergo. Bumpy terrain and potholes in the road cause jolts that can be painful to the wrist. Rubber excels here thanks to its shock-absorbing properties. The synthetic material is also weather-resistant and durable. The MERGE City Ergo is available in pairs.
