

CONTEC Grip "MERGE City Ergo Kork"

140 mm

Price: €14.99

At CONTEC you will find a wide variety of grips made of different materials, in different shapes and for different riding styles. Our MERGE grips adapt to you - not the other way around. They are divided into the categories City, Urban, Trekking and Mountain. The CONTEC MERGE City Ergo cork grip is particularly suitable for relaxed cyclists who adopt an upright position when riding - such as on a city or Holland bike. The "wings" on the grips, i.e. the support surfaces on the balls of the hands, prevent the wrists from bending unnaturally. This prevents fatigue, numbness and pain, even on long rides. The cork material is particularly kind to the skin and breathable. Sweat from your hands is quickly absorbed and shocks from uneven ground are directly cushioned so that your wrist is not put under too much strain. The cork on the Grips not only looks stylish, but is also made from renewable raw materials! Another special feature of the MERGE grips is that they are compatible with our G-Link system. The G-Link interface allows you to attach practical accessories such as a bike mirror or bells directly to the grips.

Basic Data

Supplier Article Number:	VLG-2022AD3 CORK
EAN	4251507990677
MSRP:	€29.95
DST-Code	2B04
Fedas-Code	160215
SB-Article	Yes
Bidex-Code	205030
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.161 kg

Technical Data

Clamp	inner clamp
Form	round
Length	140 mm
Lock ring material	aluminium
Main colour	brown
Mounting	left and right (pair)
Secondary colour	black
Technology	triple density
Variant	Article
