The pastel green "TREQANA 10" is one of our most solid everyday trekkers. Our 10-speed Deore touring bike has a new, lightweight aluminum frame with rear Thru Axles. The reliable Disc Brakes ensure good deceleration regardless of the weather. The lightweight wheels with sporty 42-width Speedride tires from Continental are a perfect match. Lightweight and damping comfort are a given here in every respect. At 50 lux, the LED Front Light is also very bright and illuminates the path well in the dark. It is also equipped with a light/dark sensor that reacts accordingly to the lighting conditions. Last but not least, the Front Light and Rear Light have a parking light function that illuminates when waiting at a dark intersection.
