

VICTORIA Trekking bike "TREQANA 8" Mod. 23

wave, 28", chrome silver, 3x9-speed SHIMANO "Alivio", 54 cm / L

RRP €1,299.00

The VICTORIA "TREQANA 8" delivers a moderately dynamic performance. This is due to the riding position and the direct and dynamic riding style of this bike. Two new features underline the image: visually, the new look in combination with the reduced brand lettering contributes to a fresh, modern appearance. From a technical point of view, it is the 27-speed derailleurs system from Shimano that has the right gear for every situation on tour. For a smooth ride, the "TREQANA 8" is equipped with lightweight wheels and sporty Continental Speed Ride tires. With their 42 mm width and damping comfort, they are suitable for touring in every respect. The same goes for the Suntour Suspension Fork, which can be individually adjusted to the rider's weight. Brakes are provided by powerful hydraulic Disc Brakes, which are also reliable in wet conditions. The touring equipment is rounded off with the Carrier with MIK system and the lights. The Contec Dlux LED Front Light illuminates the road pleasantly brightly with 50 lux. The rear lights shine with their parking light function, which keeps the lamps on for a while even when stopping at dark intersections.

Basic Data

EAN	4251971111455
MSRP:	€1,299.00
Bidex-Code	102010
