

CONTEC Pedal "Pitchblack"

matt black, sandblasted

RRP €69.95

Platform pedal "Pitchblack""Pitchplack" is a pedal that makes itself ideal with its large platform on your everyday or touring bike. The large contact surface ensures a secure stand on the pedal and the individual pins for the necessary grip. Each individual pin is replaceable, so you can easily replace them in case of damage or wear. What plays a big role in everyday cycling is the maintenance effort. Since the industrial bearings are sealed, neither moisture can penetrate nor gets grease out, which makes the pedal virtually maintenance-free.
