matt black, sandblased

RRP €79.95

MTB pedal "Swagger" The "Swagger" from CONTEC is the ideal pedal for biking on rooty and winding trails. Its extra flat profile gives you the necessary ground clearance to take sharp turns with confidence and not let you stop by tree roots. The necessary grip you have with the CrMo pins, which can also be easily replaced if a pin should be damaged. The sealed industrial bearing rounds off the intended use of this pedal skillfully, because dirt and grime can so not clog the bearing - the maintenance effort is low.
