

CONWAY MTB full suspension "RLC FS 4.9" Mod. 23

full suspension, 29", red metallic / black metallic, 12-speed SRAM "GX" Blender, 55 cm / XL

Price: €1,941.95

Awaken the racer in you - with the "RLC FS 4.9", because the fully has everything it takes. The CONWAY Factory Racing Team was the inspiration behind the development of the fast and lightweight race full-suspension for cross-country and marathon. Its full carbon frame is correspondingly light, torsionally stiff and fast. And the moderate, sporty riding position is designed for long distances. The bike starts the new season with two technical innovations. The first is the ROCKSHOX "Reba" Fork, which smoothes out all potholes and tree roots with its 110 mm travel. It is supported by the familiar ROCKSHOX Damper and the 55 mm wide "Race King" Tires from CONTI. Another new feature is the CONTEC "Drop-A-Gogo" Vario seatpost, which allows you to shift your body weight optimally at all times. The seatpost is controlled via a Remote Control installed in the cockpit. Thanks to the SRAM "GX Eagle" 12-speed drivetrain, you can go on tours. The SHIMANO "BR MT410" allows you to finely adjust the speed, but reduce it sharply if necessary. The genes of the Race-Fully come from the CONWAY siblings "WME" and "RLC", its riding style is correspondingly sporty, yet the riding position is suitable for long distances. And if you want to turn the Race-Fully into a real marathon and downcountry bike, you can also install a Suspension Fork with 120 mm travel. Looking even further ahead: The "RLC FS" range is already prepared for the FOX "Livevalve" suspension systems.

Basic Data

Supplier Article Number:	BK23HA0240
EAN	4251971103177
MSRP:	€3,299.95
Bidex-Code	101020
DST-Code	1E00
Fedas-Code	154040
SB-Article	No
Brand/Supplier	CONWAY
Unit of measure:	PIECE
Weight	12.8 kg

Technical Data

Brake system	hydraulic disc brake
Chainstay	445 mm
Colour designation	red metallic / black metallic
Drive	chain
E-bike	no
Features	damper , suspension fork

Frame height	55 cm
Frame shape	full suspension
Frame size	XL
Frame travel	100 mm
Gears	12-speed
Gender	gents
Main colour	red
Material 1	carbon
Model series	RLC
Permissible system weight	130 kg
Reach	495 mm
Seat angle	72.0 °
Seat tube	545 mm
Secondary colour	black
Shifting name	12-Gang SRAM "GX" Mix
Shifting type	derailleur shifting
Stack	618 mm
Steering tube	130 mm
Steering tube angle	69.5 °
Stem length	90.0 mm
Toptube	650 mm
Transmission	1x 12-speed
Travel	110 mm
Type	full suspension
Wheel distance	1203 mm
Wheel size	29 "
