The OX Side is definitely the strongest bike stand product on offer. Thanks to its increased stability, the CONTEC OX Side can easily support bikes weighing up to 25 kilograms, including electric bikes. The stand is made of die-cast aluminum with an extra-wide plastic foot to provide sufficient support. It is equipped with a hexagon socket and a spring washer. Installation is simple and easy. The diameter of the screws is 3/8". Another plus is the ability to adjust the height of the side stand. It fits wheels from 26 to 29 inches.
