

CONTEC Federsattelstütze "Tour"

Ø 27,2mm, silver (special item, bulk)

RRP: €33.95

Effective against vibrationsShorter bike rides on bumpy roads, but even more, long mountain bike rides off-road strain muscles and bones through vibrations and impacts. The stable suspension seatpost "Tour" by CONTEC can provide a remedy and catch the unpleasant impacts.Thanks to the 2-piece body made of aluminium, the 30 cm long post weighs relatively little with 470 g and can be easily installed on almost all bicycles. This aluminium post can also be combined with all common sports saddles. With this adjustable seatpost, every biker can noticeably improve their seating comfort and increase their riding pleasure.A solid steel spring is installed in the two-part aluminium body of the suspension seatpost, which offers up to 40 mm of travel. The spring action is adjustable and is best suited for athletes with a body weight between 55 and 85 kg.With the suspension seatpost "Tour" by CONTEC, you get a well thought out seatpost. The "Tour" is available in 25.4 or 27.2 mm Ø as well as in black and silver.
