

Continental Tires "eContact Plus"

50-406 (20" x 2,00), 745g

Price: €27.45

Durable & puncture-proof The "eContact Plus" tires from CONTINENTAL have been specially developed to ensure that you get to work and back home safely and puncture-free every day. The tire is also ideal for heavy-duty transport on cargo bikes. Thanks to SafetyPlus Pro Breaker, it is particularly cut and puncture resistant and therefore ideal for urban use. The Reflective Stripes on the sidewall of the otherwise black tire are also useful in city traffic. They increase visibility even more - especially in the dark season. With its high mileage and low rolling resistance, the "eContact Plus" is a tire for every day and a long time on your e-bike up to 50 km/h.
