

AXA Battery LED Front Light "DWN 30"

black

RRP €31.95

For more visibility in traffic: the solid AXA "DWN 30" Battery LED Front Light. It has two light modes (10 and 30 lux) so that you can adapt the lighting to your surroundings. The impressive light duration of 11 hours means you can be out and about for days without having to worry about recharging. And when it's time to recharge the Battery, it only takes 2 hours thanks to the included USB Cables. Visibility is key, and with a visibility range of 50 meters and a visibility of 3000 meters, you will be noticed early by other road users. The handy on/off shifter makes it easy to operate, while the battery level indicator lets you know exactly when it's time to recharge. Installation is child's play, without the need for tools, thanks to the tool-free rubber holder. Attach the Front Light securely to your bike and be ready for safe bikes, whether in the city or on remote trails.

Basic Data

Supplier Article Number:	93958195CB
EAN	8713249333120
MSRP:	€31.95
SB-Article	Yes
DST-Code	2E02
Fedas-Code	160675
WEEE registration number	DE92509320
