

CONTEC Aluminium Rim "Exit"

21-584, 570 mm ERD (incl. spoke holes measured), 16.2 mm high, 21.2 mm inner width, 26.3 mm outer width, approx. 503 g

Price: €14.99

A robust rims for building a classic wheel for 27.5" wheels with 32 spokes. Thanks to the hollow chamber design, the 6063 aluminum rims are particularly light and stable. In the finished Wheel, these rims are suitable for a system weight of up to 150 kg. With an inner rim width of 21 mm, tires ranging in size from 35 to 62 mm fit on the rim. The single eyeletted nipple holes ensure additional durability of the rim by reducing the friction between the Spoke Nipple and the rim and also prevent the Nipples from working their way into the rim. The Exit rim is only suitable for wheels with disc brakes.
