

CONTEC Helmet "Laska"

intense red / black velvet, size S / M (54-58 cm)

RRP: €59.95

Made for adventures: the design of our Laska helmets is inspired by the mountainous landscape of its namesake, the Chilean volcano Láscar. The sporty trekking and touring helmet is made from a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell.The Visor made from recycled marine plastic and integrated insect net make the Laska the ultimate companion in the great outdoors. Its padding is particularly cooling and is also washable and replaceable. Thanks to the XY sizer (adjustment wheel) on the back of the Helmet, the Laska can be individually adjusted in height and width. The straps made from recycled PET water bottles are reflective and offer added visibility.Laska is available in two sizes and four color variants. Each model has been painted with environmentally friendly, water-based paints.
