

CONTEC Helmet "Nyon MIPS"

polar white / black velvet, size S / M (54-58 cm)

RRP: €129.95

The air is rushing past you, you've reached top speed and you've beaten your best time again - if that sounds like an exciting experience for you, the CONTEC Nyon MIPS should be the ideal companion for you. The sporty road and gravel helmet is made from a combination of a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell and is also equipped with the MIPS system. What is MIPS? MIPS technology allows the helmet shell to move relative to the head in the event of an angled impact. This protects your brain from rotational forces and serious injuries.With the magnetic Fidlock snap lock including padding, the Helmet can also be opened and closed with one hand, without the risk of getting caught. The integrated TriVider, an extra-wide strap divider, ensures a high level of comfort and individual adjustment. Speaking of adjustment: thanks to the XY Sizer (adjustment wheel) on the back of the Helmet, the Nyon MIPS can be individually adjusted in height and width. The cooling padding inside the Helmet has an anti-sweat effect and is washable and replaceable.Nyon MIPS is available in two sizes and is painted with environmentally friendly, water-based paints in matt white and black.

Basic Data

Supplier Article Number:	S-440 MIPS 54-58 WHI
EAN	4251971141629
MSRP:	€129.95
Fedas-Code	160921
SB-Article	Yes
DST-Code	3F02
Bidex-Code	406020
