

## VICTORIA Electric trekking bike "TRESALO 15" Mod. 24

diamond, 28", airstream silver, 5-speed SHIMANO "Nexus" freewheel, 60 cm / L

**Price: €2,780.00**

The Victoria TRESALO 15 hub gear model is a solid everyday and touring partner. Specially designed for use on pedelecs, the Shimano "Nexus" 5-speed Hub is available with either coaster or freewheel. The smart Bosch system more than adequately supports your pedaling performance thanks to the new Performance engine and the "PowerTube 625" Battery. The "Kiox 300" color display, which is 1A readable even in the dark, provides useful information about the current route. If the available information is not sufficient, additional features can be obtained via the free eFlow app. Coupled with other navigation apps, such as Komoot or Strava, this provides a whole new riding experience with the new bike. The TRESALO models with integrated PowerTube batteries are designed by us with a stable and stiff chassis. The riding position is - as you would expect from a Victoria - more upright and comfort-oriented than overly sporty and stretched. As with all new Victoria developments, the batteries integrated in the down tube can be removed upwards. This means that there is no need for a catch, as is the case with downward removal. However, in view of the large capacity and the associated battery weight, we recommend charging on the bike instead, as it is simply more convenient.

### Basic Data

Supplier Article Number:	KHA23125
EAN	4251971109261
MSRP:	€3,799.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	29.8 kg

### Technical Data

Battery capacity	625.0 Wh
