

NOXON Youth bike "Banjo 24" Mod. 24

diamond, 24", mint blue, 8-speed SHIMANO "TX 800", 28 cm

RRP €479.95

Low-maintenance lightweightThe "Banjo 24" from NOXON is a sporty, lightweight and versatile hildren's bike for longer tours, even off-road. It scores points there with its slightly profiled tires, powerful and low-maintenance V-brakes and 8-speed derailleur gears from Shimano. The gears are changed intuitively using the Twist Grip Shifter. The developers at NOXON deliberately designed the "Banjo 24" to weigh as little as possible - and they succeeded. At 8.9 kg, the 24" frame is a real lightweight. The decision to dispense with complicated chainring changes plays into their hands here. But even with 8 gears, the young cyclists can set a good pace and race through the countryside or go on longer tours with their parents.
