

## EXCELSIOR Electric city bike "Tiefensteiger E" Mod. 24

low-entry, 28", dark moon grey, 7-speed SHIMANO "Nexus" coaster, 50 cm

**Price: €1,250.00**

Comfortable through everyday life Excelsior's "step-through E" is the right choice if you are looking for an e-bike with as much comfort as possible. It is a loyal companion for your daily ride through the city as well as for short after-work laps through the fields. As the name suggests, the e-bike has a low step-through - for comfort right from the start. Or if there are a lot of traffic light stops on your daily tour and you have to get on and off more often. The tidy appearance of the e-bike is the result of the internally routed cables and is continued by the seamless integration of the front motor, which is barely larger than a standard Hub Dynamo. The e-city bike combines relaxed pedaling in an upright position with the feel-good character of the constant tailwind provided by the Ananda front motor. The electric engine discreetly integrated into the front wheel hub provides support up to 25 km/h in one of four support levels as required. With 450 watt hours, the battery, well protected in the Carrier, offers more than enough capacity for daily commutes or cross-country tours. For economical riding, however, the Shimano "Nexus" has 7 gears at the ready, which can be changed intuitively using the Twist Grip Shifter on the Handlebar. The hydraulic Rim Brakes always bring the "Tiefensteiger E" to a safe stop.

### Basic Data

Supplier Article Number:	BC0640236002
EAN	4251507971324
MSRP:	€1,799.95
DST-Code	1A01
WEEE registration number	DE92509320
Fedas-Code	157021
Bidex-Code	123010
SB-Article	No
Brand/Supplier	EXCELSIOR
Unit of measure:	PIECE
Weight	24.9 kg

### Technical Data

Access height	220 mm
