

QiO Electric compact bike "EINS AP-8R" Mod. 24

unisex, 20", night black matt, 8-speed SHIMANO "Nexus" freewheel, 48 cm

Price: €2,700.00

The QiO "EINS AP-8R" is the sister model of the "EINS AP-8". It shines with an even higher level of low maintenance, as it is equipped with a Gates Straps in addition to the already almost maintenance-free hub gears. The "EINS AP-8R" is therefore ideal for simply getting on and riding off - whether on the way to work in the morning or if you want to go on a spontaneous tour. The Bosch "Active Line Plus" engine is always with you, always pushing you forward harmoniously up to 25 km/h. It draws its energy from the 545 Wh "PowerPack". Thanks to the convenient Seat Stay position, the Battery can be easily removed for charging and connected to the mains. The 8-speed Shimano "Nexus" hub gears are there for fine-tuning the drives and are also particularly low-maintenance. Back home safely in the evening thanks to the bright LED Front Light and Rear Light with stop light function, you can stow the "EINS AP-8" away just as easily as you got it ready for the descent in the morning. Thanks to the "Speedlifter Twist" function, the Stem can be rotated by 90° and the Pedals can be folded down - all to take up as little space as possible. The maximum rider weight is 120 kg.

Basic Data

Supplier Article Number:	01722201
EAN	4251971142015
MSRP:	€3,799.00
Fedas-Code	159021
DST-Code	1A01
WEEE registration number	DE92509320
SB-Article	No
Bidex-Code	123040
Brand/Supplier	QiO
Unit of measure:	PIECE
Weight	26.2 kg
