

QiO Electric compact bike "EINS AP-8" Mod. 24

unisex, 20", light olive matt, 8-speed SHIMANO "Nexus" coaster brake, 48 cm

Price: €2,350.00

If you would like to master your everyday life by bike, are perhaps even considering replacing your car with an e-bike or simply want to try something new, QiO's "EINS AP-8" is the perfect choice. The compact e-bike impresses with its space-saving size and smart Bosch system. The maximum rider weight is 120 kg. The day starts practically and comfortably as soon as you leave your home. The "EINS AP-8" has a low step-through with a Handle so that you can easily pick up the bike and carry it outside. Quickly adjust the seatpost and handlebar height - all without tools using the QR - click the panniers onto the MIK HD system carrier and off you go. With its 20" wheels, the e-bike is agile and maneuverable through narrow streets in the city. The Bosch "Active Line Plus" engine is always with you, always pushing you along harmoniously up to 25 km/h. It draws its energy from the 400 Wh "PowerPack". Thanks to the convenient Seat Stay position, the Battery can be easily removed for charging and connected to the mains. The 8-speed Shimano "Nexus" hub gear is there for fine-tuning the drives and is also particularly low-maintenance. Back home safely in the evening thanks to the bright LED Front Light and Rear Light with stop light function, you can stow the "EINS AP-8" away just as easily as you got it ready for the descent in the morning. Thanks to the "Speedlifter Twist" function, the Stem can be rotated by 90° and the Pedals can be folded down - all to take up as little space as possible.

Basic Data

Supplier Article Number:	01722770
EAN	4251971142596
MSRP:	€3,299.00
Fedas-Code	159021
DST-Code	1A01
WEEE registration number	DE92509320
SB-Article	No
Bidex-Code	123040
