

CONTEC Helmet "Zuni"

intense red, size XS (48 - 54 cm)

RRP: €49.95

Whether it's their first real bike or their first wheels - both are among the first means of transportation on which children can move independently and freely. To support them in this, we should protect the little cyclists right from the start. The CONTEC Children Helmet Zuni is ideal for the youngest beginners.Zuni is made from a combination of a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell. Thanks to the XY sizer (adjustment wheel) on the back of the Helmet, the Zuni can be individually adjusted in height and width. The adjustment wheel also has an integrated light that is powered by a battery. Another feature for increased visibility are the reflective straps. These are made from recycled PET water bottles! The comfortable padding is washable and replaceable. The integrated insect net ensures that children are not distracted by small animals in the Helmet and can concentrate fully on their first few meters on the bike.Zuni is available in four friendly colors. Each model has been painted with environmentally friendly, water-based paints.

Basic Data

Supplier Article Number:	S-422 48-54 RED
EAN	4251971143364
MSRP:	€49.95
SB-Article	Yes
Bidex-Code	406040
