

EXCELSIOR City bike "Road Cruiser Alu ND" Mod. 24

deep, 28", cherry red, 7-speed SHIMANO "Nexus" coaster brake, 46 cm

Price: €325.00

Go on a carefree bike tour. The right bike is the be-all and end-all if you want to get around town easily and comfortably. The "Road Cruiser Alu ND" from Excelsior is just what you need. Compared to its sibling, the "Road Cruiser Alu", this model is now equipped with a Hub Dynamo. This means you always have lights on your bike and can spontaneously extend your tours through the city into the late evening hours. Worries are out of place on the saddles of a bike. The "Road Cruiser Alu ND" is equipped with everything you need for a relaxed riding experience. While the Carrier, for example, offers plenty of space, the saddle equipped with Elastomer is very comfortable. The frame is made of aluminum. The tried-and-tested "Nexus" hub gears from Shimano provide dynamic shifting in either 3 or 7 gears, depending on your choice. If you ride your bike a lot and have higher demands, opt for the 7-speed gears, while 3 gears are perfectly sufficient for shorter to medium-length city rides, for example. Reliable deceleration is provided by the coaster brake and a V-brake.
