trapeze, 28", cherry red, 21-speed SHIMANO "TY300", 51 cm

RRP: €449.95

The all-rounder with derailleur gearsIf you have a lot of demands on your bike, it's best to choose an all-rounder: the "Road Cruiser Alu ND" from Excelsior is just such a bike. With its 21-speed derailleur gears, this trekking bike is perfect for touring, while relaxed trips to the shops are no problem either.Once the bike has fulfilled its practical purpose, the fun of biking is completely in the foreground. Whether you are a frequent rider, touring enthusiast, Sunday rider, commuter or typical city biker, the "Road Cruiser" from Excelsior will suit you all. Thanks to its full equipment and sporty derailleur gears, among other things, this bike won't let you down so quickly. So nothing stands in the way of fun.Incidentally, the 21-speed derailleur comes from the proven manufacturer Shimano. The frame is made of aluminum, which contributes to the rather low weight of 16.1 kg for a fully equipped bike. Braking is provided by a V-brake.Of course, comfort is also very important when riding. This is not in short supply with the smooth-rolling 28" wheels. Meanwhile, the Elastomer-equipped city saddles are very comfortable. There are also practical features such as an aluminum Kickstand and a generous Carrier.In summary, the "Road Cruiser Alu ND" from Excelsior is a lot of fun, especially on tours, at a fair price. With the sporty derailleur gears, the right gear ratio is always available, while the large wheels ensure a smooth ride. The "Road Cruiser" combines very different requirements into a coherent overall concept.
