

fi'zi:k Saddle "Aeris Short Distance Adaptive"

R1, carbon braided

Price: €169.00

The Fizik "Aeris Short Distance Adaptive" Saddle is the ideal choice for triathletes looking for maximum performance. The innovative saddle cut-out technology ensures effective pressure distribution and reduces the risk of discomfort during longer rides. The saddle is 135 mm wide and made of high-quality nylon carbon, which not only ensures high durability, but also an appealing look in elegant black. The patented seat post mount makes it easy to fit. Thanks to its unisex design, the Fizik Saddle is suitable for both men and women who want to maximize their performance in triathlons. The construction without suspension ensures direct power transmission and an unadulterated riding experience.

Basic Data
