

EXCELSIOR Singlespeed "Dandy" Mod. 24

diamond, 28", moss green, 1-speed freewheel, 59 cm

Price: €263.00

"Dandy" is a real statement - purist and without frills. Excelsior has reduced the "Dandy" to the essentials so that you can whiz through the city quickly and sportily. With no gears, you are at the wheel yourself to really get the classic steel frame going. The lightweight wheels with narrow 23 mm Tires help, as do the sporty Saddle, the color-matching Grips and the two Rim Brakes on the straight Handlebars. If you want to turn the singlespeed into a single speed bikes, simply flip the rear wheels. With the flip-flop hub, you then switch to the fixed Sprocket without freewheel. This way, you can ride the "Dandy" completely puristically.
