

CONWAY Electric MTB full suspension "Ryvon LT 4.0" Mod. 24

full suspension, 29", carbon / silver, 12-speed SRAM "NX", 42 cm / M

RRP: €6,499.95

Discover the CONWAY RYVON LT 4.0 E-MTB—your ultimate trail companion for every adventure! With innovative features and a well-thought-out design, this bike offers everything you need for an unforgettable off-road experience.Our engineers have equipped the RYVON LT 4.0 with a swappable Battery system that takes energy efficiency to a whole new level. Enjoy longer rides with more power, thanks to our Battery's higher energy density. And if you want to recharge on the trail, you can swap out the battery in seconds and keep riding right away. The battery cover features a magnetic parking position on the Frame's top tube. This means you can easily and securely hold it in place while swapping or charging.The RYVON LT 4.0 combines lightness and maximum stability in a unique package. Thanks to advanced materials and construction techniques, you'll experience incredible agility on the trail without compromising on durability.We understand that every Fahrer has unique needs. That's why we developed CONWAY Ergonomic Sizing. Our frame sizes are perfectly tailored to your needs and offer different grip diameters, stem lengths, handlebar widths, and crank lengths depending on the frame size. This gives you a customized riding experience that's just right for you.The RYVON LT 4.0 was born for the trails. With modern geometry and a 170 mm carbon chassis, it offers you just the right mix of stability and agility. Whether you prefer technical descents, steep climbs, or flowing singletrack—this bike is ready to take you anywhere. A big smile at the end of your ride is guaranteed!

Basic Data

Supplier Article Number:	01025444
EAN	4251971145719
MSRP:	€6,499.95
Fedas-Code	154050
WEEE registration number	DE92509320
DST-Code	1E01
SB-Article	No
Bidex-Code	121020
Brand/Supplier	CONWAY
Unit of measure:	PIECE
Weight	21.3 kg

Technical Data

Battery capacity	400.0 Wh
Brake system	hydraulic disc brake
Category E-bike	4
Child Seat Approval	no

Colour designation	carbon / silver
Drive	chain
Drive system	BOSCH Performance Line SX
Drive version	middle motor
E-bike	yes
Engine power	250 W
Features	damper , electronic sliding aid , suspension fork
Frame height	42 cm
Frame shape	full suspension
Frame size	M
Frame travel	170 mm
Gears	12-speed
Gender	gents
Main colour	black
Material	carbon
Model range	Ryvon
Permissible system weight	140 kg
Secondary colour	silver
Shifting name	12-Gang SRAM "NX"
Shifting type	derailleur shifting
Support	up to 25km/h
Trailer Approval	no
Transmission	1x 12-speed
Travel	170 mm
Type	full suspension
Wheel size	29 "

Specifications

Battery	BOSCH "Compacttube 400", Lithium-Ionen mit BMS, 400 Wh
